Historic Church Demolished By W.C. Black and Sons, Inc.

CHARLOTTE, NORTH CAROLINA, 05 FEBRUARY 2011 – W.C. Black and Sons, Inc., a leading provider of residential and commercial demolition services, site work solutions, and hauling services, announced it has performed the total demolition of the original sanctuary at Mount Moriah Primitive Baptist Church in Charlotte, North Carolina.

W.C. Black and Sons, Inc. provided demolition and wrecking services for Mount Moriah Primitive Baptist Church on 27 January 2011 to demolish and remove the old sanctuary building. This building had been unused since 2003 and had fallen into a state of disrepair. The structure demolished was built in 1930 and comprised 14,085 square feet. Approximately 30% of the materials removed from the site will be recycled. Materials to be recycled include bricks, blocks, steel, and concrete. Once all demo debris is removed, the site will be graded and used for additional parking for church members.
